# NEW FLOWERS FOR YOUR GARDEN

---

All over the world there are many lovely varieties of flowering plants growing under varying conditions that we in the East have never seen, some we have never heard of.

Many of these are perfectly adapted to our climate and weather conditions and make valuable additions to our rock garden flora.

We have expended much time and effort to make some of these available for your use.

All that we have chosen and offer to you have proven hardy in the northeast and are of comparatively easy culture. We offer only low growing plants which have good foliage and are quite floriferous; you'll be interested in the odd foliage of some and the exotic flowers of others; all will give you a new thrill in the growing. We especially recommend those listed on this and the next page.

---

## V. PAPILIONACEA AZUREA

Introduced from our Gardens last season it has been greatly admired by all who have seen it; with splendid foliage of olive green and large blossoms of smoky sky blue growing well above the plant, an exceedingly free bloomer, it is valuable both as a border plant or individual specimen.

.50 each      \$5.00 Doz.

---

## IRIS MINUTA

The smallest Iris in the world. Yellow self; one inch blossoms on three inch stems.

\$2.00 each

---

## IRIS GRACILIPES ALBA

One of the rarest Iris in the world. We have probably the only stock of them in the country and cannot release more than one to a customer.

\$3.50 each

---

## CYPRIPEDIUM ACAULE ALBUM

An exceedingly rare white form of the Moccasin flower.  
\$1.00 each, only two to a customer.

---

## PAEONIA BROWNII

A dwarf peony growing wild in Oregon. 6 to 8 inches high with a large red flower.

.75 each      \$7.50 Doz.

## G E N T I A N A

No flower surpasses the Gentian for beauty of form and color and contrary to the general belief they are not difficult for the careful grower: given a well drained bed of sand and peat in half shade (some in full sun) they will thrive: the varieties we offer are all well established perennials.

57 -	<b>Andrewsii</b> , Native closed Gentian .....	.35
569 -	<b>Acaulis</b> , one of the most beautiful and sought for Alpines, hardy with care, deep blue .....	.75
479 -	<b>Farreri</b> , large, lovely sky-blue trumpets surrounded by grassy foliage; semi prostrate; August until frost .....	1.00
556 -	<b>Ingrammi</b> , considered by some to be the finest of all Gentians; grows from 10 to 16" high with dark green, shiny leaves;; large blue flowers; petals specked with tiny greenish white spots; blooms from mid-June to mid-August .....	.75
481 -	<b>Lagodechiana</b> , easily grown beauty with large blue flowers in clusters .....	.75
467 -	<b>Porphyrio</b> , native of North Carolina; intense blue with green and yellow markings in throat; 8", a beauty and easy to grow.....	.50
480 -	<b>Septemfida</b> , easy of culture; the most reliable Gentian; beautiful blue fringed bells in clusters from July to late August .....	.50
56 -	<b>Sino-Ornato</b> , the most beautiful and glorious of all Gentians .....	.75

# PERENNIALS

## For the Alpine Garden

- 65 - **GLOBULARIA—Globe Daisy - Trichosantha**, a choice rock plant with minute foliage and blue globular flowers ..... .25
- 66 - **GYP SOPHILA—Babies Breath - Cerastoides**, an exquisite gem with red veined white flowers, choicest of the genus ..... .30
- 67 - **Repens**, an essential of the rock garden, blue gray mats of small leaves with white flowers ..... .25

- 464 - *Isatus* - *Golden Gypsophila*; a splendid addition to the perennial border ..... .50

## HEATHERS

Calluna, the Heather is a native plant in the history and folklore of almost all northern European peoples, but has not been proved to be a native of North America. Here it is best in a Rock Garden, likes sour soil, open sun and a fair amount of moisture in a well drained location.

- 461 - **CALLUNA** — **The Heathers** - **Vulgaris Alba**  
Minor, dwarf 9", white compact habit. .... .50
- 465 - **Vulgaris Alporti**, dwarf, slender spikes,  
rosy carmine flowers ..... .50
- 468 - **Aurea**, pink flowers, yellow foliage ..... .50
- 469 - **Carnea, Alpine Forest Heath**, bright pink  
flowers, dwarf, compact habit ..... .50
- 470 - **Alba Pilosa**, shaggy foliage, white flowers..... .50
- 909 - **HELONIAS BULLATTA** — **Cinnamon Lily** -  
Native, from a rosette of evergreen leaves  
rises a bare stem, 18" with a hyacinth like  
flower of intense pink, likes moisture and  
shade ..... .50
- 76 - **HEPATICA**—**Wood Anemone, Native, Triloba**,  
should be in every rock or alpine garden,  
nothing more satisfactory and they rival in  
beauty any perennial we know of ..... .25
- 68 - **HELIANTHEMUM**—**Sunrose-Croceum, Yellow**... .25
- 69 - **Fireball**, brilliant scarlet ..... .25
- 70 - **Mrs. Earle**, Intense Crimson Double ..... .25
- 71 - **Double Orange** ..... .25
- 72 - **Praecox**, gray leaves, yellow flowers ..... .25
- 73 - **Rhodanthe Carveum**, gray leaves, clear pink .25
- 74 - **Rose Queen**, large pink flowers ..... .25
- 77 - **HEUCHERA**—**Alumroot** - **Sanguines Splend-**  
**ins**, one of the better rock plants, coral  
rose bells in profusion ..... .25
- 79 - **HOUSTONIA**—**Quaker Lady** - **Native, Caerulea**,  
a mite of a flower you will cherish, covered  
for two months with porcelain blue flowers .25
- 463 - **Montana**, 4" clear pink with waxy petals  
rare and very choice ..... .50
- 139 - **HYPOXIS HIRSUTA**—**Star Grass**, Native, yel-  
low flowers, blooms all summer ..... .25
- 527 - **HYPERICUM**—**St. John's Wort** - **Olympicum**,  
a rare and lovely rock plant, gray foliage  
and large, yellow flowers ..... .50
- 80 - **IBERIS** — **Candytuft** - **Sempervirens**, white  
evergreen, profuse bloomer ..... .25
- 81 - **Snowflake**, large white flowers ..... .25
- 571 - **Tenoreana**, an improved Candytuft, com-  
pletely smothered with rose-lavender flowers .35
- 572 - **Gibraltarica**, low evergreen mat densely  
covered with white flowers richly tinted  
with rose-lavender ..... .25

## I R I S

### Dwarf Iris

These lovely miniature Iris have no rivals in the early Spring flowers but are only recently attaining the popularity they deserve.

Being dwarfs they are especially desirable for rock garden planting or the edging of beds; their culture is simple, treatment the same as with the taller varieties; they are perfectly hardy and very free blooming.

#### DWARF BEARDED IRIS

- 185 - **Alba**-6"-early white with yellow beard, very  
fragrant ..... .25
- 186 - **ATROVIOLACEA** -4"- the first to bloom, red

157 -	<b>OENOTHERA</b> — <b>Native Primrose</b> - <b>Fruitcosa</b> , yellow .....	.25

## NATIVE ORCHIDS

### Terrestrial

These odd, exquisite, lovely flowers should be in every rock garden. Few realize the number of varieties available for use in the garden nor the ease with which they can be handled and established. All these listed are hardy anywhere; while all like shade and moisture, some, like *Hab. Ciliaris*, *Calapogon* and the *Spiranthes*, will endure full sun and most of them make good cut flowers.

532 -	<b>ARETHUSA BULBOSA</b> — <b>Dragon's Mouth</b> , grass like leaf, rosepurple, yellow and white flower, very showy .....	.50
652 -	<b>APLECTRUM ORBICULATA</b> — <b>Adam &amp; Eve</b> , 15", purple green with white lip .....	.50
534 -	<b>CYPRIPEDIUM ARIETINUM</b> — <b>Ram's Head</b> 10", flower white netted with crimson, sepals purple brown, the rarest of the <i>Cypripediums</i> .....	1.25
533 -	<b>CYP. ACAULE</b> — <b>Mocassin Flower</b> , 12", pink flowers with greenish yellow sepals .....	.25
30 -	<b>CYP. CANDIDUM</b> , the daintiest of the lady slippers; pure white with greenish yellow sepals; sweet scented; a rare and exquisite orchid .....	1.00
653 -	<b>CYP. CALIFORNICUM</b> , smaller than <i>Montanum</i> , white with yellow sepals .....	.75

737 -	<b>ZAUSCHNERI CALIFORNIA</b> , a low growing plant; trailing foliage of pleasing gray with red, Fuchsia like flowers from July to October .....	.50

## NATIVE VIOLETS

We have made all too little use of our native Violets in our Rock Garden work.

Sturdy in habit, easily raised, with a wide range of form and color, blooming early and late with a varied and beautiful foliage they are an ideal rock plant and adaptable to every purpose.

Tho we list but sixty-five varieties of native violets, in our gardens we have one of the most extensive collections in the world and we will be glad to correspond with those who may be interested in collecting.

701 -	<b>ADUNCA</b> , the <b>Dog Violet</b> , makes wide clumps with small blue flowers, exceptionally fine for the rock garden .....	.25
253 -	<b>AFFINIS</b> , much like <i>Cuculatta</i> but daintier with light bluish purple flowers and dark center .....	.25
250 -	<b>BECKWITHII</b> , upper petals violet, lateral white and lower yellow, three parted leaves, very distinct .....	.35
254 -	<b>BLANDA</b> , low growing, fragrant white flowers .....	.25
203 -	<b>CANADENSIS</b> , branching with splendid foliage, pinkish white with purple back and yellow eye, blooms all year .....	.25
251 -	<b>CARNEA</b> , a rare pale lilac violet from Germany .....	.75
495 -	<b>CRYSANTHA</b> , the " <b>Golden Violet</b> ," large, rich golden yellow, maroon on back, finely cut leaves .....	.50
238 -	<b>CUNEATA</b> , one of the rarest of the western violets, ovate leaves, flowers white veined with purple and purple back .....	.50
202 -	<b>CUCULATTA</b> , a round leaf variety of <i>Palmatta</i> .....	.25
13 -	<b>CONSPERSA SILVESTRIS</b> , a pretty many flowered violet forming clumps of small leaves, excellent for the rock garden .....	.25
252 -	<b>ELATIOR</b> , a native of central Europe. Growth is similar to <i>Striata</i> but with blue flowers.....	.35
241 -	<b>ERIOCARPA</b> , a southern form of <i>V. Pubescens</i> but much stronger growing, yellow flowers .....	.50
14 -	<b>Esculenta</b> , an exquisitely beautiful pale lavender violet from Florida, leaves pedately lobed .....	.35
257 -	<b>FIMBRIATULA</b> , oblong-ovate leaves, violet-purple flowers growing above the foliage.....	.25
255 -	<b>FIMBRIATULA ALBA</b> , a white form of above, very unusual .....	.35
